

LARNAKA

A SHOTGUN SHOOTING TRAINING
DESTINATION FOR CHAMPIONS

THEY ALWAYS
COME BACK.

LARNAKA | CYPRUS

The charming coastal region of Larnaka is truly the Mediterranean destination which can satisfy all your shotgun shooting training needs. Combining excellent facilities at a technologically advanced olympic standard shooting range, perfect weather conditions all year round, convenient location and plenty of options for your free time, Larnaka is definitely an ideal training destination!

UNIQUE LARNAKA

A REGION FOR ALL SEASONS

With mild winter temperatures and minimal rainfall, Larnaka is a heaven for sports and especially shotgun shooting where training takes place outdoors. Temperatures in the winter during the day ranges between 14-18°C. Larnaka region's wide range of accommodation categories remain open and ready to welcome visitors throughout the year, from hotel apartments and boutique city hotels, to branded and high-star establishments.

UNBEATABLE LOCATION

Larnaka provides quick and effortless travel thanks to its main international airport, port and marina that service the whole of Cyprus. As the entry-point of the island and the short distances, the coastal region is perfect because it provides absolute convenience when travelling.

A BEAUTIFUL PLACE TO STAY

Magnificent coasts of golden sands which stretch for over 75km. A historically rich area - one of the oldest in Europe, with 10,000 years of contrasting civilisations. A diverse region with a fusion of different cultures and a harmonious blend of new and old, quiet and cosmopolitan, traditional and modern. Every part of Larnaka offers something unique; from the bustling and vibrant town centre to the quaint, traditional villages.

PLENTY TO SEE & DO AT YOUR FREE TIME

With so much to see and do within walking distance or a short drive, Larnaka's compact size makes it easy to enjoy all the region's attractions even if you come for training. Whether it is cultural and archaeological sites, traditions, shopping, excellent gastronomic choices, or the natural flora and fauna of the area, it's all conveniently close.
