We’ve successfully implemented eight international Communities of Practice (CoP) sessions

These online activities featured seminar-style presentations and workshops by experts on the core MAAS themes: creating support materials for job brokers, refugees, and tourism employers to "Match, Attach, and Sustain" employment opportunities.

New resources coming for you!

MAAS partners recently gathered in Reykjavik at the Directorate of Labour offices to connect with their team and learn about their approach to supporting Ukrainian refugees to achieve meaningful career paths in Iceland's thriving tourism industry.

This face-to-face workshop also focused on developing an eGuide for job brokers and creating an eTracker tool to streamline their work.
