Participation in tourism  
as an effective form of  
increasing the educational  
and social activity of people  
with a sensory disability

# Introducing the SenDiTour project

**‘Participation in tourism as an effective form of increasing the educational and social activity of people with a sensory disability’.**

## Project Partners:

**Dobre Kadry (Poland)**  
**Hellenic Institute of Sign Language (Greece)**  
**Larnaka Tourism Board (Cyprus)**  
**St Barnabas School for the Blind (Cyprus)**

**The project kicked off in December 2024 and the first Transnational Meeting was held on March 27-29, 2025 in Wroclaw, Poland, hosted by partner Dobre Kadry, and officially introducing the partners in person.**

**The partners presented their organisations and explored inclusive tourism from the perspective of persons with sensory disability in the partner countries, as well as discussing the primary research conducted for the project.**

**Day 2 of the meeting consisted of a focus group and discussion with deaf and visually impaired people on the subject of potential factors motivating them to be active in tourism.**

**The group visited cultural institutions - urban tourism in Wrocław on Day 3, concluding a highly successful and conducive first meeting of the partners.**
